

Balkan PMS-Borovets was born as a result of a growing need for property management services from apartment / villa owners in Super Borovets and the nearby villages. Owners of these properties need someone on the ground who they can trust to look after their investment - that's why Balkan PMS-Borovets is your ideal partner.

On the administration side, there is Iveta and Nadia, who have a wealth of experience in property management and sales marketing. Nadia has also been dealing with tour operators regarding contracts and bookings.

Balkan PMS-Borovets is a part of the Balkan PMS group and has an official tour operator licence (issued by the Bulgarian government): No:RRK-01-05809 which gives the official right to deal with the main tour operators offering our own packages.

Ivana Stoiceva is our Golf Property Manager, She operates our office at Ibar Golf course in Dolna Bania,

Balkan PMS-Borovets has its own ski school called HUNTERS which is based in the centre of Borovets. Managed by an ex-international ski-jumper, Bobby Iliev, we have 15 ski instructors who are both fully qualified and fluent in a number of languages. We run three ski depots in the resort and offer our own ski and snowboard packages along with ski equipment. We also have contracts with local transport companies who manage return transfers on our behalf from Sofia and Plovdiv airport. In addition, we offer daily return trips to Borovets from the nearby villages.

Being owners / landlords ourselves, we are aware of the vital role a company such as ours can play in removing the stress and strain of running your second home from abroad. There are times when someone trusted and reliable in the local vicinity is the answer to a prayer. For villa and apartment owners we offer personalised management packs on a yearly basis that include: paying the utility bills, inventory checks, standing orders, annual account declarations, gardening and minor repairs

At the sharp end we have Stefan – Resort Manager who is based in Borovets. He was previously general manager / commercial director at three hotels and has been dealing with the main British tour operators such as Balkan Holidays, Inghams, Thomson, Christal Holidays and many others. He has the ability to use his skills to oversee the interests of the private owners with regard to rentals and maintenance of their property.
